To The Secretary to the Government of Madras,

Home (Judicial) Department.

Sir

With reference to Home (Judicial) Department Memorandum No.742 A-1,dated 3rd March 1921, I have the honour to report that the improvements proposed for the Sub-Inspector's quarters at Kudligi in the Bellary district are necessary for the following reasons

The eastern and western side windows have not been provided with sun shades. Consequently, the rain beats into the room and makes the floor damp. The kitchen is not provided with an outlet for water and cannot therefore be

cleaned. The verandah leaks badly. The other items of repairs are minor viz., the replacement of damaged flat tiles in the roof, whitewashing, painting the doors and windows etc.

I have the honour to be,

Sir,

Your most obedient servant,

The present capital cost of the quarters exceeds the permissible limit by Rs. 923 and any further addition thereto should be deprecated in finance. It is not stated how the improvements will enhance the excess of Rs. 923 The improvements proposed are detailed on page 6 of. The chief among these are the provision of sunshades to windows and the construction of a washing platform in and of a drain from the kitchen The latter may be agreed to in finance on sanitary grounds. The necessity for the former, however, seems doubtful. The quarters have been without the sunshades for the last 8 12 years and can, apparently, continue to be so without
